**SUBJECT: Proposal for Professional Engineering Services for
 FY 24-25 Annual Street Rehabilitation and Slurry Seal
 Additional Pre and Post Construction Corner Records**

Dear Allison:

DMS Consultants, Inc. is pleased to present this proposal to provide professional engineering services for the subject project. Based on the paving exhibits for the project and our research for existing corner records/ tie notes, we have determined that a total of 132 locations in the project area will require preparation of pre and post construction corner records. The breakdown for the different planning areas is as follows:

PLANNING AREA	NO. OF CORNER RECORDS
PA 9A Woodbury	71
PA 17 Quail Hill & PA 22 Shady Canyon	30
PA 19 Rancho San Jacquin & PA 24 University Town Center	8
PA 18 Laguna Altura	0
PA 21 Turtle Rock	12
PA 23 San Joaquin Marsh	3
PA 27 Turtle Ridge	8
PA 50 University of California	0
TOTAL:	132

Our initial proposal dated November 7, 2024, assumed only ten (10) pre and post construction corner records would be required. An additional 122 corner records will be required. Attached is our fee proposal for these services.

Sincerely,
 DMS Consultants, Inc.
